Subject: (Clarification of hand book requirements for RS-6 equipments)

Dear [redacted]

25X1

This letter will confirm our conversation of this morning and reconfirm a previous agreement that addendum pages would not be required for the "key-click" changes which were made a few months ago in the RS-6 equipment. During your last visit to Chicago [redacted] requested that such pages be provided. Unless we hear to the contrary from you, we will not take any action on this request since they are contrary to our prevailing agreements.

Very truly yours,
